FOR IMMEDIATE RELEASE  
December 14, 2016

## **CashCalc to offer tools to Tenet Group members.**

CashCalc are to offer their financial planning tools to Tenet Group members.

The deal will see CashCalc's online suite of financial planning tools made available to both network members and directly authorised firms at Tenet Group, providing them with the opportunity to produce detailed and precise financial models for their clients at a discounted rate.

Ray Adams, Director of CashCalc, said "CashCalc started off in 2014 as an in-house tool and to now be given the chance to offer our tools to Tenet Group members is a fantastic opportunity for us."

Helen Ball, Tenet Group Distribution and Development Director, said "We are pleased to welcome CashCalc to our panel of discounted deals for tools and software, to help Tenet advisers source solutions that enhance the service they offer to their customers and help grow their businesses."

CashCalc have made some significant improvements to the online suite of tools in recent months. The addition of the variable growth rates option and stress testing tab within their cash flow modelling tool are the most notable and act as a clear indicator of the strides the company is currently making.

## **Notes to editor**

CashCalc was developed by a team of Chartered Financial Planners from South Wales. Since its launch in May 2014, CashCalc has accumulated over 4,300 financial advisers and with it become pioneers in the financial planning process. The software's online suite of financial planning tools offers over 20 calculators, each of which make it easy for financial advisers to engage the client in the financial planning process. Their flagship tool, the Cash Flow Modeller, enable financial advisers to create detailed and precise cash flow models without any additional complexity.
